Dive In

Go around and let everyone answer...

Share words or phrases that represent the idea of “discipline” to you. Now, go back and determine if you feel these each are more positive or negative in their meanings. How might that perspective affect our attitudes when thinking of God disciplining us?

Dig Deep

Read Scripture: Hebrews 12:1-11; 2 Timothy 4:2-4

- Why and in what ways does God discipline His children?
- Discuss the three blessings promised through discipline (by Paul to Timothy).
- Elaborate on the idea that part of being in the family of God means we will experience discipline.
- Kelvin stated that both disciple and discipline are from the same root. Compare ways in which discipling and discipline are similar (this is kind of like that).

Do Big

- In what ways have you felt God’s discipline? What was the intended outcome of that discipline?
- What is your “take” on discipline in the home?
- How have you been disciplined/convicted by having heard the Word of God or by reading Scripture?
