Dive In

Go around and let everyone answer...

The oneness of the gospel harmonizes with the redemptive heart of God. As followers of Jesus, redeemed by this gospel we share a connection with the heart of God. There are times when our heart becomes divided, out of rhythm with the heartbeat of God. In your walk with the Lord, what was an experience where you found your heart divided and out of step with His Spirit?

Dig Deep

Read Scripture: Ephesians 4:1-7

- What do you believe our calling is? In what ways are we to walk in this calling? (Ephesians 4:1)
- Describe the Christ-like traits we are to live and share living united in a “bond of peace?” (Ephesians 4:2-3)
- Paul shares a gospel confession embodied in seven “one” statements that emphasizes the unity we share in living out this gospel harmoniously in our everyday lives as the heartbeat of God before the world. In what ways do these “one” statements help us, the body of Christ live our lives together to communicate the good news of Jesus? (Ephesians 4:4-7)

Do Big

- As followers of Christ, we not only have one gospel but also one mission to share this gospel with this world. Perhaps a good place to start is to ask yourself, “Who is my one that needs this one redemptive message?”
