New Missions

SUPPORT FOR NEW ORGANIZATION

This year, North Boulevard has started supporting church planters through **Ateiku Christian Ministry** located in the West African country of Ghana.

The ministry is led by **Lawrence Oduro**, a visionary church leader with a goal of planting 50,000 churches in Ghana and other nations.

Various access ministries have given credibility to the ministry that is transitioning to focus more on disciple making movement principles in order to accelerate the pace of church planting for the future.

MISSIONARY FAMILY RETURNS

During the pandemic, international political tensions increased and some Asian countries became more restrictive regarding residential status for foreigners.

Many religious workers, including some supported by North Boulevard, were not allowed to re-enter. Unsuccessful in re-entering their country of residence, **Joel and Jessica Ruch** are ending their support relationship with North Boulevard have now relocated to Abilene, Texas where they are working to support missions.

Pray for the Ruch's in this next chapter of their lives!
